

PRINCIPAL'S MESSAGE

It is with great pleasure and excitement that I welcome you to Henry E. S. Reeves Elementary, the Academy of Applied Technology for the 2009-2010 academic school year. The faculty and staff of Henry E. S. Reeves continue to set high expectations for student achievement and are always open to parental and community involvement.

As we continue to reach new heights under the Federal Government's, No Child Left Behind (NCLB), our students will continue to be involved in inquiry and project-based learning through the use of technology.

Under the Governor's A Plus Assistance Plan, Henry E. S. Reeves Elementary has continued to earn another letter grade of an "A" for the 2008-2009 academic school year. As we continue to celebrate our success, our theme for the 2009-2010 academic school year is, "***Continuing Excellence, While Building a Legacy.***"

Dr. Mary McLeod Bethune once said, "Invest in the human soul. Who knows, you may find a diamond in the rough." Henry E. S. Reeves Elementary, the Academy of Applied Technology is truly a diamond.

Julian E. Gibbs
Principal
